

# Curriculum Overview

“Building a Strong Foundation for Lifelong Learning”

## A Holistic and Comprehensive Approach

At Piaget Academy, we understand that the more children know about their world, the easier it is for them to read, learn, and succeed as they transition to elementary school. Our curriculum is designed to build foundational skills and foster a love for learning through engaging, challenging, and exciting content.

By integrating **reading, science, math, and social studies**, we enrich children’s language and early reading skills, setting them on the path to success. Our curriculum uses the best academic methodologies to promote not only learning development but also social and emotional growth.

## Key Curriculum Components

At Piaget Academy, we provide a well-rounded educational program focused on these essential areas:

- **Oral Language:** Building vocabulary and communication skills.
- **Listening Comprehension:** Enhancing understanding through stories and discussions.
- **Phonological Awareness:** Recognizing sounds and patterns in language.
- **Print Awareness:** Understanding the functions of print and written language.
- **Mathematics Skills:** Developing early numeracy through daily lessons in basic math concepts.

## A Comprehensive Approach

Our curriculum takes a **hands-on, minds-on approach**, ensuring children actively engage in their learning process. Group activities, learning centers, and free-choice play are integral to our program, addressing multiple areas of development:

- **Social & Emotional Development:** Cultivating interpersonal skills and emotional intelligence.
- **Motor Skills:** Enhancing fine and gross motor abilities.
- **Science & Social Studies:** Encouraging curiosity and exploration of the world.
- **Music & Art:** Fostering creativity and self-expression.
- **Foreign Languages:** Introducing children to new languages and cultures.

## Why Early Reading Matters

At Piaget Academy, we believe that early reading is the cornerstone of successful brain development. Our focus on early reading helps children:

- Build strong **language, literacy, and comprehension skills.**
- Develop a passion for books and lifelong learning. Through **storytime, interactive reading activities, and a rich literary environment,** we instill a love for reading in every child.

## Our Mission

At Piaget Academy, our curriculum goes beyond academics. It nurtures and expands each child's potential in a caring environment. By teaching children to think critically, solve problems, and reach their full potential, we ensure they are prepared for a bright and successful future.
